

## Søgeprotokol for Nationale Kliniske Retningslinjer

<b>Projekttitel/aspekt</b>	National Klinisk Retningslinje behandling af mennesker med skizofreni og komplekse behandlingsforløb – primær litteratur på PICO's
<b>Kontakt Fagkonsulent /projektleder</b>	Lone Baandrup og Jesper Østrup Rasmussen / Malene Kristine Nielsen
<b>Kontakt Søgesepecialisten</b>	Helene Sognstrup og Karen Tølbøl Sigaard, AU Library, Psykiatri
<b>Senest opdateret</b>	06.02.2015

<b>Baggrund</b>	<p>PICO 1 Hvad er effekten af at reducere clozapin-dosis hos velbehandlede patienter med skizofreni, hvor plasmakoncentrationen af clozapin overstiger øvre grænse i det orienterende terapeutiske interval?</p> <p>PICO 2 Hvad er effekten af depotinjektions-antipsykotika hos patienter med skizofreni med uregelmæssig medicinindtagelse og vedvarende psykotiske symptomer?</p> <p>PICO 3 Hvad er effekten af add-on terapi med SSRI/SNRI til behandling af vedvarende negative symptomer hos patienter med skizofreni?</p> <p>PICO 4 Hvad er konsekvenserne af ophør med antipsykotisk behandling hos patienter med skizofreni, der ikke har responderet tilstrækkeligt på behandlingen?</p> <p>PICO 5 Hvad er effekten af familieintervention (som tillæg til vanlig behandling) hos patienter med skizofreni og betydelig funktionsnedsættelse?</p> <p>PICO 6 Hvad er effekten af neurokognitiv træning (som tillæg til vanlig behandling) hos patienter med skizofreni og betydelig funktionsnedsættelse?</p> <p>PICO 7 Hvad er effekten af socialkognitiv træning (som tillæg til vanlig behandling) hos patienter med skizofreni og betydelig funktionsnedsættelse?</p> <p>PICO 8 Hvad er effekten af kognitiv adfærdsterapi (CBT) (som tillæg til vanlig behandling) hos patienter med skizofreni med betydelig funktionsnedsættelse?</p>
-----------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p>PICO 9 Hvad er effekten af kombinationen af kognitiv adfærdsterapi (CBT) og motivational interviewing (MI) (som tillæg til vanlig behandling) hos patienter med skizofreni, der har et misbrug af cannabis og/eller centralstimulantia?</p> <p>PICO 10 Hvad er effekten af Assertive Community Treatment (ACT) (som alternativ til vanlig behandling) hos patienter med skizofreni og betydelig funktionsnedsættelse?</p>
<b>søgetermer</b>	<p>Engelsk, Dansk, Norsk og Svensk Se søgetermer i de pågældende PICOs søgestrategier</p>
<b>Inklusions- og eksklusionskriterier</b>	<p>Sprog: Engelsk, dansk, norsk og svensk År: (2004 -2014), se under hver PICO. Population: Ingen afgrænsning Publikationstyper: Randomiserede kontrollerede undersøgelser</p>

## Informationskilder

Database	Interface	Dato for søgning
Medline	OVID	September 2014/ December 2014
Embase	OVID	September 2014/ December 2014
CINAHL	EBSCO	September 2014/ December 2014
PsycINFO	OVID	September 2014/ December 2014

## Note

- Søgetermer og inklusions- og eksklusionskriterier er tilpasset de enkelte databaser.
- Dubletter er så vidt muligt frasorteret ved hjælp af RefWorks. De fundne referencer overføres til Covidence (referenceværktøj)
- Fuldtekster præsenteres i Covidence i pdf-format
- Søgestrategi for hver enkelt database præsenteres – hvis muligt vises det eksplicit hvor mange referencer den enkelte søgestreng genererer
- Der er lavet opfølgende søgning til PICO 1 d.02-12-14, hvor der er søgt på observationelle studier.

## Søgestrategi

**PICO 1:** Reduktion af clozapin-dosis ved forhøjet plasmakoncentration
