Note:

- Guidelines fra firmaet Hayes er fra valgt for denne NKR
- Søgetermer og inklusions- og eksklusionskriterier er tilpasset de enkelte databaser.
- Dubletter er så vidt muligt frasorteret ved hjælp af RefWorks. De fundne referencer er overført til Covidence.
- Fuldtekster præsenteres i Covidence i pdf-format eller som link
- Søgestrategi for hver enkelt database præsenteres – hvis muligt vises det eksplicit hvor mange referencer den enkelte søgestreng genererer
- Covidence = webbaseret referencehåndteringssystem og kvalitetsvurderingsværktøj
- MAGIC = online skabelonværktøj til guidelines

1. [Determining treatment goal weights for children and adolescents with anorexia nervosa](#)

Determining treatment goal weights for children and adolescents with **anorexia** nervosa One of the challenges faced by paediatric health professionals treating children and adolescents with **anorexia** nervosa (AN) is determining the specific weight needed to achieve physical, emotional and cognitive recovery. Clinicians and researchers have struggled to standardize process, methods and terminology around what is now referred to as the “treatment goal weight” (TGW). This practice point

1. Gynecologic Care for Adolescents and Young Women With Eating Disorders

Gynecologic Care for Adolescents and Young Women With **Eating Disorders** ACOG COMMITTEE OPINION Number 740 June 2018 Committee on Adolescent Health Care The North American Society for Pediatric and Adolescent Gynecology endorses this document. This Committee Opinion was developed by the American College of Obstetricians and Gynecologists' Committee on Adolescent Health Care in collaboration with committee members Nancy Sokkary, MD and Anne-Marie E. Amies Oelschlager, MD, and committee liaison Laurie L (...) . Hornberger, MD, MPH. Gynecologic Care for Adolescents and Young Women With **Eating Disorders** ABSTRACT: The Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, defines **eating disorders** as "persistent disturbance of eating or eating-related behavior that results in altered consumption or absorption of food and that significantly impairs physical health or psychosocial functioning." The correct diagnosis of and distinction between **eating disorders** are important because the course, prognosis

3. Eating Disorders

Eating Disorders AACAP OFFICIAL ACTION Practice Parameter for the Assessment and Treatment of Children and Adolescents With **Eating Disorders** James Lock, MD, PhD, AND Maria C. La Via, MD, and the American Academy of Child and Adolescent Psychiatry (AACAP) Committee on Quality Issues (CQI) Abstract: This Practice Parameter reviews evidence-based practices for the evaluation and treatment of **eating disorders** in children and adolescents. Where empirical support is limited, clinical consensus opinion (...) is used to supplement systematic data review. The Parameter focuses on the phenomenology of **eating disorders**, comorbidity of eating disorders with other psychiatric and medical disorders, and treatment in children and adolescents. Because the database related to **eating disorders** in younger patients is limited, relevant literature drawn from adult studies is included in the discussion. Key Words: **eating disorders**, anorexia nervosa, bulimia nervosa, food avoidance, binge eating J Am Acad Child Adolesc
