| | |
|----------------------|---------|
| Reason for exclusion | Dobbelt |
|----------------------|---------|

Bisca 2014

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Browne 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Calik Kutukcu 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Cameron Tucker 2014

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Chan 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Chan 2013a

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Charususin 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Delussu 2014

| | |
|----------------------|----------------|
| Reason for exclusion | Wrong outcomes |
|----------------------|----------------|

deSousaPinto 2014

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Dias 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Engel 2017

| | |
|----------------------|---------------------|
| Reason for exclusion | Only study protocol |
|----------------------|---------------------|

Felcar 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Fu 2016

| | |
|----------------------|---------------------|
| Reason for exclusion | Only study protocol |
|----------------------|---------------------|

Gianjoppe Santos 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Klijn 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Leite 2014

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Majewska Pulsakowska 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Malfait 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

McNamara 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Mkacher 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Montagnani 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Nyberg 2015

| | |
|----------------------|---------------------|
| Reason for exclusion | Only study protocol |
|----------------------|---------------------|

Palmer 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong study design |
|----------------------|--------------------|

Salhi 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Sanchez 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Sun 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Tasdemir 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Ueda 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Wadell 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Webb 2013

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Williams 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Xiao 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Yuwen 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Zambom Ferraresi 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Zanini 2015

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|

Zhang 2016

| | |
|----------------------|--------------------|
| Reason for exclusion | Wrong intervention |
|----------------------|--------------------|
