

## Characteristics of studies

### Characteristics of excluded studies

#### *Allen 2017*

Reason for exclusion	Wrong intervention
----------------------	--------------------

#### *Arnold 2010*

Reason for exclusion	In the previous NKR
----------------------	---------------------

#### *Arnold 2010a*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Arnold 2011*

Reason for exclusion	In the previous NKR
----------------------	---------------------

#### *Arnold 2012*

Reason for exclusion	In the previous NKR
----------------------	---------------------

#### *Beard 2010*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Beard 2011*

Reason for exclusion	In the previous NKR
----------------------	---------------------

#### *Bernardy 2017*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Engel 2014*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Gilron 2016*

Reason for exclusion	Wrong intervention
----------------------	--------------------

#### *Hauser 2014*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Ichesco 2016*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Jensen 2014*

Reason for exclusion	Wrong intervention
----------------------	--------------------

#### *Leombruni 2015*

Reason for exclusion	Wrong comparator
----------------------	------------------

#### *Lunn 2014*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Moore 2014*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Papadopoulou 2016*

Reason for exclusion	Wrong study design
----------------------	--------------------

#### *Riediger 2017*

Reason for exclusion	Wrong study design
----------------------	--------------------

**Sommer 2017**

Reason for exclusion	Wrong study design
----------------------	--------------------

**VanderWeide 2015**

Reason for exclusion	Wrong study design
----------------------	--------------------
